

# NEW From PIEDMONT ANIMAL HEALTH

## Introducing NEW FLYNEXX™ Granules

- Flynexx Granules contains Cyromazine 2%, the larvicidal leader in Poultry and Swine operations
- An insect growth regulator that prevents fly larvae in animal manure from developing into adult flies
- Labeled for larvicidal control of 4 fly species including, house flies, lesser house flies, stable flies, and soldier flies
- Can be scattered dry over manure, or mixed with water and applied as a spray
- Convenient 35lb. bag
- Each bag treats 7,000 square feet

## Introducing the NEW 123-PIT!™ Multi-Use Applicator

- Suitable for any type of Poultry Housing, Especially Hard to Reach Areas and Slatted Floors
- Multi-Use provides Multi-Value

## SLUDGE BUSTER Lagoon Tabs™ The Muck Stops Here!

- Eliminates Sludge in Large Lagoons.
- Digests Organic Sludge and Decay, Eliminates Animal Waste
- Reduces Ammonia Nitrate and Phosphate
- Safe for Fish, Pets and Wildlife
- Each 1-Ounce Tab contains 7 Strains of Beneficial Bacteria
