ULD® BP-100 Contact Insecticide Formula II

Protect the health and production of your livestock by holding the line against flying and crawling insects.

ULD-BP 100 is a contact insecticide with flower-based pyrethrins for quick knockdown and kill. The ready-to-use, oil based product adheres better than water-based products for on-animal applications.

Did You Know?

Flower-based pyrethrins are a botanical insecticide with a more environmentally sustainable profile, all without sacrificing efficacy.

ULD® BP-100 Contact Insecticide Formula II
