

AVI-BAC™

Avi-Bac™ is a natural immune booster for day old and stressed birds that seeds the guts with beneficial bacteria and feeds those bacteria with an exclusive prebiotic fiber.

Helps Overcome:

 Placement

 Treatment

 Transitions

 Handling

WHAT'S INSIDE:

ACTIFIBE® PREBIOTIC

Feed beneficial gut bacteria that crowd out pathogens and promote immune function. Research proven to increase feed efficiency and gain.

BACILLUS SUBTILIS

Stimulate broad-spectrum immune activity and promote reduction of pathogens.

BIFIDOBACTERIUM LONGUM

Promote the growth of beneficial bacteria and reduce pathogen load.

LACTOBACILLUS ACIDOPHILUS

Help maintain digestive health, enhance egg quality and promote feed conversion.

Recommended Use:

Combine 1 package with enough water the birds will completely drink in 4-6 hours. See label for full details.

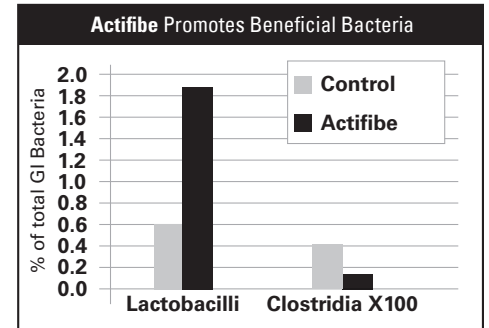

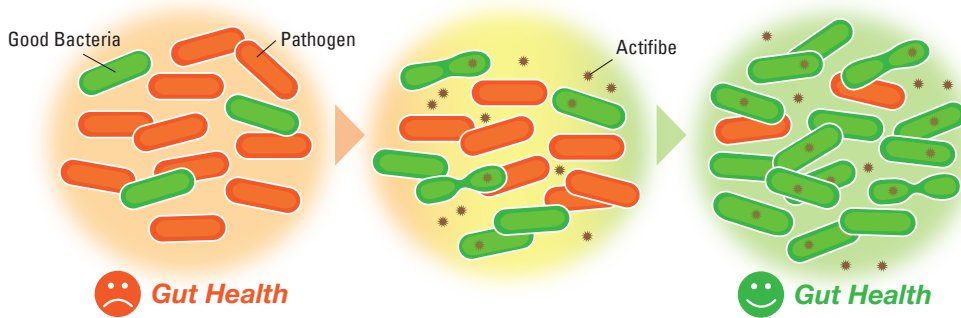

THE DIFFERENCE

Avi-Bac is powered by a **Ralco** technology that makes it the most effective natural immune booster.

POWERED BY

Beneficial bacteria multiply when they feed on **Actifibe** crowding out pathogens for improved health and performance.

Research conducted by Purdue University

AVI-BAC

Product# 2222-250

0.5 lb. Pouch

Guaranteed Analysis

Total Bacteria Count 27,216,000,000 cfu*/lb *cfu = colony forming units

List of Ingredients

Dextrose, Hemicellulose Extract, Dried *Bacillus subtilis* Fermentation Product, Dried *Bifidobacterium longum* Fermentation Product, Dried *Lactobacillus acidophilus* Fermentation Product
