

# ROVIMIX<sup>®</sup> Hy•D<sup>®</sup> Solution

## 25-Hydroxyvitamin D<sub>3</sub>

a **DSM** Product

### TECHNICAL SPECIFICATIONS

ROVIMIX<sup>®</sup> Hy•D<sup>®</sup> Solution is a stable oil and water emulsion with a milky appearance. The 25-hydroxyvitamin D<sub>3</sub> is emulsified in water and vegetable oil as well as in mono and diglycerides of fatty acids. It contains 16.7 mg of 25-hydroxyvitamin D<sub>3</sub> per ounce and is miscible in water. BHT is added as an antioxidant.

### SAFETY

ROVIMIX Hy•D Solution is a safe source of vitamin D<sub>3</sub>. No treatment related toxicity was observed in poultry when used at levels up to 10 times the recommended dosage. Avoid ingestion or direct contact by using suitable protective measure and personal hygiene. For full safety information and necessary precautions, please refer to the respective MSDS.

### USE DIRECTIONS

ROVIMIX Hy•D Solution is available in 32 ounce bottles. Daily preparation and consumption of solution is recommended.

- For layer, layer breeder, broiler and broiler breeder supplementation, mix 1 ounce per 128 gallons of drinking water. When using water proportioners delivering 1 ounce of stock solution per gallon of water, mix 1 ounce ROVIMIX Hy•D Solution per gallon of water to prepare the stock solution.
- For turkey and turkey breeder supplementation, mix 1 1/2 ounces per 128 gallons of drinking water. When using water proportioners delivering 1 ounce of stock solution per gallon of water, mix 1 1/2 ounces ROVIMIX Hy•D Solution per gallon of water to prepare the stock solution.

### STABILITY AND STORAGE

ROVIMIX Hy•D Solution is sensitive to air, heat and light. The product may be stored for 12 months from the date of manufacture in the unopened original container and at a temperature below 15°C (59°F). Refrigeration is recommended. The 'best used before' date is printed on the label. Keep container tightly closed. Once opened, use contents within 30 days. Shake before using. Do not freeze.
