New Solutions to Old Problems

**RODENTICIDE
+
INSECTICIDE**

KILLS

Norway Rats, Roof Rats
and House Mice.

Rats and mice start to
die 4 to 5 days after
feeding begins.

FLEAS

RATS

MICE

NET WT. 18 LBS (8.16 kg)

FIRST AID

Have the product container or label with you when calling a poison control center, doctor or 1-800-222-1222, or going for treatment.

If **swallowed**, immediately call a poison control center or doctor for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person. If **on skin or clothing**, take off contaminated clothing. Immediately rinse skin with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. If **in eyes**, hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION

Harmful if swallowed or absorbed through the skin. Keep away from children, domestic animals and pets. Do not get in eyes, on skin or on clothing. **Personal Protective Equipment (PPE):** All handlers (including applicators) must wear: shoes plus socks and gloves. Any person who retrieves carcasses or unused bait following application of this product must wear gloves.

USER SAFETY REQUIREMENTS

Follow manufacturer's instructions for cleaning/ maintaining PPE. If no such instructions for washables exist, use detergent and hot water. Keep and wash PPE separately from other laundry. Remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, thoroughly wash hands after applying bait and before eating, drinking, chewing gum, using tobacco or using the toilet, then change into clean clothing.

NOTE TO PHYSICIAN

This product reduces the clotting ability of the blood and may cause hemorrhaging. If ingested, administer Vitamin K1 intramuscularly or orally as indicated for bishydroxycoumarin overdoses. Vitamin K1 is antidotal at doses of 10-20 mg total (not mg/kg).

TREATMENT OF PET POISONING

If animal eats bait, call a veterinarian at once.

NOTE TO VETERINARIAN

Anticoagulant Diphacinone: For animals ingesting bait and/or showing poisoning signs (bleeding or elevated prothrombin times), give Vitamin K1 at 2-5 mg/kg. Repeated doses may need to be given, based upon monitoring of prothrombin times. In severe cases, blood transfusion may be necessary.

ENVIRONMENTAL HAZARDS

This product is highly toxic to aquatic invertebrates and toxic to mammals and birds. Dogs and predatory and scavenging mammals and birds might be poisoned if they feed upon animals that have eaten this bait. Do not apply this product directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment washwaters.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. This label must be in the user's possession at the time of product application.

Do not use this product to control any pests, by any application method or at any use sites, that are not specified on this label.

If sufficient quantities of this bait are ingested, the use of this product may aid in the reduction of fleas that commonly infest listed rodent hosts, including *Xenopsylla cheopis*.

READ THIS LABEL: Read this entire label and follow all use directions and use precautions.

IMPORTANT: Do not expose children, pets or other non-target animals to rodenticides. To help prevent accidents:

1. Store product not in use in a location out of reach of children and pets.
2. Apply bait in locations out of reach of children, pets, domestic animals and non-target wildlife in tamper-resistant bait stations. These stations must be resistant to destruction by dogs and children under six years of age, and must be used in a manner that prevents such children from reaching into bait compartments and obtaining bait. If bait can be shaken from stations when they are lifted, units must be secured or otherwise immobilized. Even stronger bait stations are needed in areas open to hooved livestock, raccoons, bears, other potentially destructive animals or in areas prone to vandalism.
3. Dispose of product container as well as unused, spoiled and unconsumed bait, as specified on this label.

Use Restrictions: This product may be used to control only Norway Rats, Roof Rats and House Mice, and to aid in the reduction of their flea populations, in and around non-residential buildings, industrial/agricultural buildings and similar man-made structures, and inside transport vehicles. Do not place bait in areas where there is a possibility of contaminating food or surfaces that come into direct contact with food. Do not use in edible product areas of feed processing plants, restaurants or other areas where food or feed is commercially prepared or processed. Do not contaminate food/feed or food/feed-handling equipment or place near or inside ventilation duct openings. Do not sell this product in individual containers holding less than 4 pounds of bait.

Do not use this product where non-target species are likely to be adversely affected by it or where threatened or endangered species potentially at risk from it are present. Do not allow young children, pets, domesticated animals or persons not associated with the bait application to be in areas where the bait is being applied. Wear gloves when applying bait. With detergent and hot water, wash all utensils used for applying bait. Do not use these utensils for mixing, holding or transferring foods or feeds.

Selection of Treatment Areas: Determine areas where rats or house mice will most likely find and consume bait. Generally, these areas will be along walls, by gnawed openings, in or beside burrows, in corners and concealed places, between floors or walls, beside burrow openings and other locations where signs of rodents have been seen. Remove as much alternative food as possible.

Application Directions:

Rats: Apply 3 to 15 blocks per bait placement. Space placements at intervals of 15 to 30 feet in infested area. Maintain an uninterrupted supply of fresh bait for at least 10 days or until there no longer are signs of new feeding by rats.

House Mice: Apply 1 bait block per placement. Space placements at intervals of 8 to 12 feet in infested area. At points of extremely high mouse activity use 2 bait blocks. Maintain an uninterrupted supply of fresh bait for at least 15 days or until fresh signs of feeding by house mice cease to appear.

Follow-up (Rats & House Mice): Immediately replace contaminated or spoiled bait. While wearing gloves, properly collect and dispose of all dead animals and leftover bait. To discourage re-infestation, limit sources of rodent food, water and harborage as much as possible. If reinfestation occurs, repeat treatment. Where a continuous source of infestation is present, establish permanent bait stations. Regularly check the stations and replace bait as needed.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

Pesticide Storage: Store in original container in a cool, dry place inaccessible to children and pets. **Pesticide Disposal:** Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility. **Container Disposal:** Non-refillable container; do not reuse or refill this container. Triple rinse (or equivalent) container, then offer for recycling or reconditioning; or puncture and dispose of in a sanitary landfill; or if allowed by State and local authorities, by burning; if burned, stay out of smoke.

NOTICE OF WARRANTY

1. Warranty Disclaimer

The directions for use of this product must be followed carefully. The goods delivered to you are furnished "as is" by Manufacturer or Seller. To the extent permitted by applicable law, Manufacturer and Seller make no warranties, guarantees or representations of any kind to Buyer or User, either express or implied, or by usage of trade, statutory or otherwise, with regard to the product sold, including, but not limited to, merchantability, fitness for a particular purpose, use or eligibility of the product for any particular trade usage. Unintended consequences, including, but not limited to ineffectiveness, may result because of such factors as the presence or absence of other materials used in combination with the goods, the manner of use or application, including weather, all of which are beyond the control of Manufacturer or Seller and assumed by Buyer or User. This writing contains all of the representations and agreements between Buyer, User, Seller and Manufacturer, and no person or agent of Manufacturer or Seller has any authority to make any representation, warranty or agreement relating in any way to these goods.

2. Limitation of Liability

To the extent permitted by applicable law, in no event shall Manufacturer or Seller be liable for special, incidental or consequential damages, or for damages in their nature of penalties relating to the goods sold, including use, application, handling and disposal. Manufacturer or Seller shall not be liable to Buyer or User by way of indemnification to Buyer or to customers of Buyer, if any, or for any damages or sums of money, claims or demands whatsoever, resulting from or by reason of, or arising out of the misuse, or failure to follow label warnings or instructions for use, of the goods sold by Manufacturer or Seller to Buyer. Buyer's or User's exclusive remedy, and Manufacturer's or Seller's total liability, shall be for damages not exceeding the cost of the product purchased. The Buyer, its customers or User assume all such risks. **3. If you do not agree with or do not accept any of the directions for use, warranty disclaimers or limitations of liability, do not use this product; return it unopened to the Seller and the purchase price will be refunded.**
