

Acid-A-Foam™ EVO

CLEANER AND DESCALER

Product

A phosphate free, acidic foaming cleaner, **Acid-A-Foam EVO** is used as an alternative to regular hatchery, equipment or barn cleaner to remove detergent residues, mineral scale and other hard-to-remove elements. A clean surface is required for complete disinfection. Alternating between a good alkaline detergent and a good acid-based detergent maximizes surface cleanliness and, therefore, prepares the surface for the second step of disinfection. **Acid-A-Foam EVO** removes dirt, grime, protein, and oils as well as minerals and adherent films.

Usage Rates

Task	Recommended Dilution
<i>General purpose cleaning and foaming</i>	1.75% - 3% solution
<i>Food processing and food contact surfaces</i>	1.75% - 3% solution
<i>Barn cleaning</i>	0.25% - 0.5% solution

Packaging

Packaging	Product Code	Case Qty
Acid-A-Foam EVO 1 gallon	418089/1	4
Acid-A-Foam EVO 5 gallon	418089/5	1
Acid-A-Foam EVO 55 gallon	418089/55	1

Active: Glycolic Acid

Use: Acidic foaming cleaner for hatchery or farm use

Activity: General cleaner, deodorizer, and effectively removes hard water scale and mineral deposits

Application: Foamed, sprayed with pressure washing equipment, or manual application

Benefits

- Phosphate-free formulation
- Ideal acidic cleaner for a pH rotation program
- Removes mineral scale, detergent residues and other elements left behind after repetitive use of alkaline cleaners
- Formulated using biodegradable detergents
- Superior foaming capabilities
- Compatible with all Neogen disinfectants

944 Nandino Blvd. Lexington, KY 40511
