

BioCres™

Product Number: D12204575

BioCres	Product Number
1 gallon (3.79 L) jug	D12204575

Benefits

- Contains cresylic acid and sodium hydroxide
- Broad range of applications
- Penetrates pores, cracks, and crevices to maximize cleaning potential
- Recommended for use on a variety of surfaces

Product Description

Water soluble cresylic cleaner for use in poultry, swine, veal, dairy, cattle, canine, and horse operations. BioCres™ can be used for cleaning broiler houses, brooders, layer houses, livestock barns, farrowing pens, foaling pens, stalls, calf hutches, pig parlors, kennels, poultry crates, animal transport vehicles, and farm equipment. BioCres is recommended for use on surfaces such as concrete, wood, plastic, glazed tile, enameled, and metal surfaces of livestock housing, handling equipment, and transportation equipment.

Usage Directions

Remove all animals, poultry, and feed from premises, trucks, and enclosures. Remove all litter from floors, walls, and surfaces of barns, pens, stalls, chutes, and other facilities occupied or traversed by animals or poultry. Remove gross soil by hosing with water, brushing, vacuuming, or sweeping before using BioCres. Apply solution as a soft coarse spray or with a brush, sponge, or mop. For maximum cleaning effectiveness, allow treatment to remain on the surface for at least 10-20 minutes before flushing with water. Spraying or misting of the product is not recommended unless operator is protected from breathing the spray mist.

Actives:	Cresylic acid and sodium hydroxide
Use:	Alkaline, foaming cleaner for farm premises
Activity:	General hard surface cleaner
Application:	Spray or foam – not recommended as a mist unless a respirator is used
