Livestock Medication

A true 11 GPM electric medicator - the Etatron **e128 Medicator** is the perfect answer for both your medicating and water treatment needs. This electric pump's operation is NOT affected by water quality and is simple to use, highly reliable, and compact in size.

e128 Pump features:

- Fixed at 1:128
- Shutdown control if suction or discharge interruption
- One piece diaphragm
- No squeeze tubes
- Superior diaphragm technology
- Not affected by water quality
- Automatically compensates injection for variations in flow
- Self priming, the pump head is equipped with a manual air bleed for fast priming
- PVDF solenoid head for enhanced chemical resistance
