

REGANO® - DRY

Regano® is the most trusted natural feed additive that helps poultry respond better to stress, strengthens immunity, promotes growth and improves egg and meat quality.

Helps Overcome:

Environment

Production

Disease pressure

Poor appetite

WHAT'S INSIDE:

**PATENTED
MICROFUSED®
ESSENTIAL OILS**

Stimulate appetite, promote gut health and reduce pathogen load resulting in more energy for production. Reduce oxidative stress for improved meat and egg quality.

ACTIFIBE® PREBIOTIC

Feeds beneficial bacteria in the gut to promote competitive exclusion and boost immune function.

Recommended Use

Mix at the rate per ton of feed:
Broilers: 0.6-1.0 lb.
Layers & Turkeys: 0.3-1.0 lb.

THE DIFFERENCE

Regano liquid products are powered by **Ralco** technology that make it the most effective and trusted feed additive.

POWERED BY

U.S. PATENT NO. 10,512,664

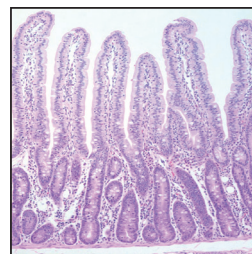

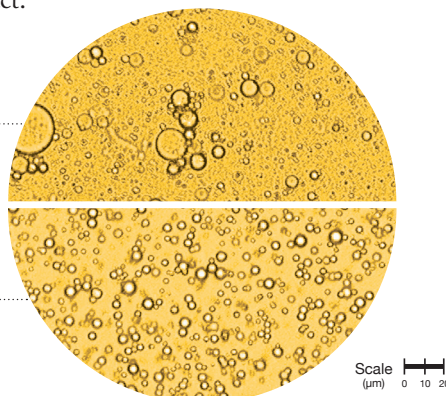

Patented **Microfused Essential Oils** have smaller, more uniform droplets that stay stable over time and temperature. Protected droplets get where they are needed to facilitate and maintain intimate contact.

Competitor Oil:

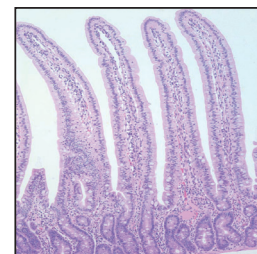

Larger oil droplets in competitive oil products coalesce and become unstable

Microfused Essential Oils:

20 times greater surface area; 100 drops per 1 drop of competitor

Control

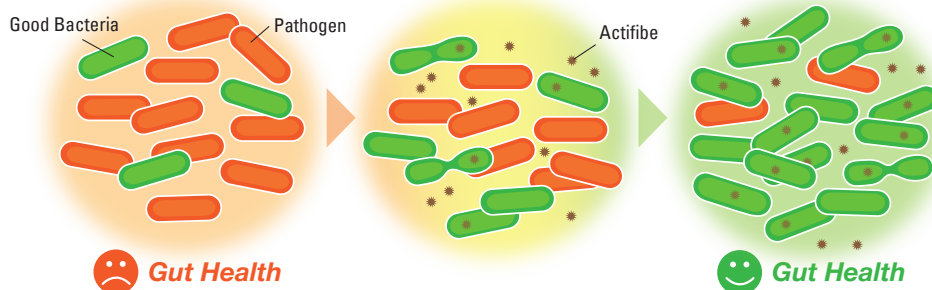

Microfused Essential Oils

These micrographs demonstrate the increased strength of the villi, which directly contributes to greater nutrient absorption.

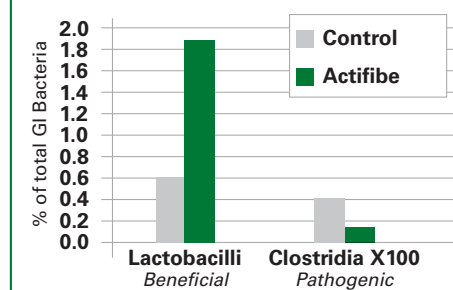

POWERED BY

Beneficial bacteria multiply when they feed on **Actifibe** crowding out pathogens for improved health and performance.

Actifibe Preferentially Promotes Beneficial Bacteria
