

VITEC™

ViTEC™ for Poultry is a water-soluble nutritional supplement that stimulates immunity and restores vital nutrients when introduced through water.

Helps Overcome:

-  Environment transitions
-  Disease pressure
-  Enteritis and other intestinal issues

WHAT'S INSIDE:

ACTIFIBE® PREBIOTIC

A high level feeds beneficial gut bacteria that crowds out pathogens and promotes immune function. Research proven to increase feed efficiency and gain.

VITAMIN E

High quality antioxidant that helps protect vital tissue and organs during times of stress.

Recommended Use:

Add 6-12oz. to 1 gallon of water to make stock solution.
See label for full details.

THE DIFFERENCE

ViTEC is powered by a **Ralco** technology that makes it the most effective poultry water-soluble supplement to reduce the effects of stress.

POWERED BY

Beneficial bacteria multiply when they feed on **Actifibe** crowding out pathogens for improved health and performance.

Research conducted by Purdue University

VITEC
